

I am writing to say that I want the Wisconsin no-call list laws left alone! I don't receive any calls that I don't want! If you change the Wisconsin law my phone will be ringing like crazy! If the Wisconsin no-call list laws are changed, the telemarketers would be allowed to call anytime of the day. Frankly if I have never had any dealings with a company I should not have to be bugged by them. I will call them on my own terms when I need to! If the Wisconsin law is changed I hope the telemarketers call all the workers at the FCC at home!!! I'm sure they would not appreciate the pushyness of these people that cannot simply take "NO" and "I'm not interested" for an answer!!!!
